Dear Mr Wood

You may possibly remember some months ago, giving me your very kind & invaluable assistance in looking up data on Seals & Medals which I wanted for a "Distinguished Visitors Medal" I was to make

for the City.

You kindly said all the time that you would be interested to see the medal.

If you are still in the humor, I would greatly appreciate your advice upon it before it is completed.

I would be glad to meet you at my studio

52 West 10 St

Any day & any hour
convenient for you, if agreeable
& you have the time to share.

With kind regards

Sincerely yrs
